

ADDENDUM

September 6, 2022

Clarifications

- 1) Sod for the project must be sourced at JB Instalawn and from their Silverton OR. farm.
- 2) Bunker sand must be sourced from Lane Mountain Company using the **WHITE silica sand.**
- 3) Sand shall be placed in the bunkers at an initial depth of 6 inches and compacted to 5.5 inches. Any excess Lane Mountain sand shall be stock piled at the course maintenance facility for further use by Salish Cliffs GC.
