

Tribal Council Phone Poll
April 29, 2010

Kevin Lyon completed a telephone poll with the Tribal Council and received direction to extend the HR Class III licensing implementation date from May 15, 30 days. In the interim, Council will revisit whether to seek Class III licensing for that sector or not. I will be recommending that they not extend Class III gaming to HR. Rather, if Council wants to increase the licensing criteria from Class II to Class III for HR then I would suggest that that be done through SIGC. I think it would be helpful for the discussion, probably May 13, to be able to demonstrate the differences between Class II and Class III criteria for a license.

Council agreed by consensus, all were spoken to except for Pete and Charlene.
