National Tribal Injury Prevention Digital Storytelling Workshop: Motor Vehicle Safety

Albuquerque Area Indian Health Board
7001 Prospect Place NE, Albuquerque, NM 87110
July 9-11, 2019

ALBUQUERQUE AREA SOUTHWEST
TRIBAL EPIDEMIOLOGY CENTER

GOAL:

Participants will:

- Create their own 1 to 3 minute digital story told in first person narrative.
- Learn the basics of script development, digital imagery and video editing.

Participants should bring:

- Headphones/Earbuds
- Photographs saved on USB drive or CD
- Laptop with the MicroSoft Movie Maker or Movavi Video Editor program

Participants should bring a draft story.

- Keep it to 300 words or less
- Write to an audience; they will be hearing your story and not reading it .

Digital Storytelling is a low-cost, powerful way to promote change by sharing your voice with digital media, such as, images, music, video (optional). This workshop is designed for all levels of computer experience.

As you plan to attend the workshop, think of what story is most important for you to share with others. Some examples,

- Why is this story important to me? Why is it important to tell it now?
- Who is the audience for this story?
- Can I include my Native language, culture, and traditions in my story?
