

SQUAXIN ISLAND TRIBE

## COVID-19 Statistics

---

### Cases and Tests (On-Reservation Statistics)

Current positive cases	0
Families in quarantine for close contact with a positive	0

The above information includes data from testing and contact tracing outreach on the Squaxin Island Reservation. All tests and results from individuals who live off-Reservation are reported to the appropriate county public health department.

During the contact tracing process, individuals who live on the Reservation and have tested positive are asked whether they had any contact with other community members living on the Reservation. If contact has occurred, the community member(s) are notified.

If a Tribal member tests outside the Squaxin Clinic and does not report, then those numbers are not reflected in this report.

### Health Clinic Vaccinations Statistics

We have moved to include all tribal members over the age of 18 and their spouses as well as employees of the Squaxin Island Tribe, Island Enterprises Inc., and Little Creek Casino Resort.

Number of first doses provided:	720
Number of second doses provided:	410
