GUARANTEED STUDENT LOAN PROGRAM

Special Allowance for Quarter Ending
September 30, 1977

The Commissioner announces that for the three-month period ending September 30, 1977, and under the statutory formula of section 438(b) of the Higher Education Act of 1965, a special allowance at the annual rate of two and one-quarter percent will be paid to holders of eligible loans in the Guaranteed Student Loan Program.

Using the statutory formula, the special allowance for this three-month period was computed by determining the average of the bond equivalent rates of the ninety-one day Treasury bills for this period (5.65 percent), by subtracting 3.5 percent from this average, by rounding the resultant percent (2.15) upward to the nearest one-eighth of one percent (2.25), and by dividing the resultant percent by four (0.5625 percent). Thus the special allowance to be paid for this period will be 0.5625 percent of the average unpaid balance of principal (not including unearned interest added to principal) of all eligible loans held by lenders.

Dated October 7, 1977.
