#### Automated Indian Housing Plan/Annual Performance Report Version 1.0

The automated version of the IHP/APR simplifies the completion of the form by providing drop-down menus, check boxes, auto-filling data fields, columns and rows that total automatically, text fields that expand to accommodate narratives of any size, data quality checks, and other

This version also features comment boxes that provide additional information on almost all elements of the form. Wherever there is a small retriangle in the corner of a cell, there is a comment box. Simply place the cursor over the cell with a red triangle and the comment box will appear. There is no requirement to read the comments, they are merely provided to make it easier to understand and complete the form. The nments were extracted from Program Guidance 2013- 04 (Revised Guidance for the Indian Housing Plan/Annual Performance Report).

For full functionality it is recommended that Excel 2007 or higher be used.

#### Saving the Form

The automated form contains macros that must be enabled in order for the form to be fully functional. To retain the macros, save the document to another location (such as your desktop) and open the form from that location. Select "Save As" in the Office Button and select "Excel Macro-Enabled Workbook." This step only needs to be done when first saving the form, subsequent saves will automatically retain the

Click the tabs at the bottom starting with "Section 1" and fill out all applicable information in the yellow or green fields. Yellow fields are the IHP and green fields are the APR. IHP fields will turn white when completed and APR fields will turn gray when completed. If any of the yellow or green fields don't apply, enter "N/A".

The tab for each section of the form will turn from red to blue once all the required fields in an IHP or APR are completed. If one or more fields in a tab are not completed, the tab will remain red. If this occurs, review all the fields and identify where information or data still needs to be entered. Once all the fields are completed, the tab will turn blue. In the tables, enter a 0 (zero) if there are no units or dollar amounts for that cell; otherwise, the tab will not turn from red to blue.

Once a text field is completed it is necessary to click anywhere outside the field in order for the text to be accepted. If pasting text from a Word document into a text field, it is necessary to click in the text field before pasting. Use the scroll bar to navigate through a section, rather than the Enter key.

#### Section 3 (Program Descriptions) Instructions

Section 3 (Program Descriptions) instructions
Fill out all the information for the first program that plans to use IHBG funds. To fill out and describe additional programs, click the "Add New Program" button. This will create an additional tab for the new program, and the new tab will be identified as 3.2,.3.3, etc. To delete a program, click the "Remove This Program" button, and the program tab will be deleted. The addition of a new program in Section 3 will automatically create a new row for the program in Line 2 (Uses of Funding) of Section 5. Similarly, the deletion of a program in Section 3 will automatically delete the row in Line 2.

#### ction 5 (Budgets) and Section 11 (Inspections) Data Quality Assurance

Line 2 (Uses of Funding) has several instances where data must not exceed data provided in Line 1 (Sources of Funding). For example, it is not possible to expend more IHBG funds than are budgeted. If there is a data mismatch, the corresponding cell in the "TOTAL" row of Line 2 will turn red. Correct the data in the table(s) until the cell is no longer red and becomes purple.

In Section 11 (Inspections) if the number of housing units inspected exceeds the number of housing units, the cell(s) in the "Total Number of Units Inspected" column will turn red. Correct the data until the cell(s) becomes blue.

#### Printing the Form

In addition to retaining an electronic version of the automated form, it is possible to retain a hard copy for filing. To print all sections of the form, select "Print" in the Office Button and check "Entire Workbook" in the "Print What" portion of the Print window. To print a specific section of the form, select "Print" in the Office Button and check "All" in the "Print Range" portion of the Print window.

#### Submitting the Form

Once the automated IHP or APR is completed, it may be submitted to your Area Office of Native American Programs as an email attachment or sent by fax or regular mail. It is recommended that the form be submitted as an email attachment in order for the form to retain its automated capabilities.

To document official signatures, print and sign hard copies of the pages that require signatures, and send the signed pages as an email attachment or by fax or regular mail. The sections of the IHP that require the signature of the authorized official are Sections 1 and 8, and Sections 15 and 16, if applicable. For the APR, Section 1 requires an official signature.

#### General Instructions

This form meets the requirements for an Indian Housing Plan (IHP) and Annual Performance Report (APR) required by the United States Department of Housing and Urban Development. In addition to these requirements, a tribe or tribally designated housing entity (TDHE) may elect to prepare a more comprehensive IHP. If a tribe or TDHE elects to prepare a more comprehensive IHP, the required elements of this IHP must still be submitted on the prescribed HUD form. The information requested does not lend itself to confidentiality

Regulatory and statutory citations are provided throughout this form as applicable. Recipients are encouraged to review these citations when completing the IHP and APR sections of the form

Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seg.), HUD will provide grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low-income housing in Indian areas. Grants will be made to eligible recipients under the Indian Housing Block Grant (IHBG) program. To be eligible for the grants, recipients must submit an IHP that meets the requirements of the Act. The recipient is required to submit the IHP to HUD at least 75 days prior to the start of its 12-month' program year (NAHASDA § 102(a)(1)). The APR is due no later than 90 days after the end of the recipient's program year (24 CFR § 1000.514).

The IHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the IHP are submitted before the beginning of the 12-month program year, leaving the APR (shaded) sections blank. If the IHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month program year, enter the results from the 12-month program year in the shaded sections of the form to complete the APR. More details on how to complete the IHP and APR sections of the form can be found in the body of this form. In addition, a separate IHP and APR report form guidance is available at <a href="http://portal.hud.gov/hudportal/HUD?src=/program">http://portal.hud.gov/hudportal/HUD?src=/program</a> offices/public indian housing/ih/codetalk/nahasda/guidance.

Public reporting burden for the collection of information is estimated to average 62 hours, 25 hours for the IHP and 37 hours for the APR. This includes the time for collecting, reviewing, and reporting the data. The IHP data is used to verify that planned activities are eligible, expenditures are reasonable, and recipient certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor recipient progress in completing approved activities, including reported expenditures, outputs, and outcomes. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

(3) Planned Program Benefits. (Describe below how your planned programs and activities will address the needs of low income families identified above. Also describe how your planned programs will address the various types of housing assistance needs. NAHASDA § 102(b)(2)(B)):

Housing will continue to focus on addressing the Tribes' maintenance and rehab needs of low-rent units by implementing policies and prepare written procedures to ensure staff and tenant compliance in order to ensure the community is a desirable place to live and raise a family, the 2017 IHP will ensure the following:

- Conduct annual inspections on all units to ensure compliance with program requirements and identify substandard units needing rehabilitation.
- Provide support for homeowners who are low-income Native Americans needing home repairs to include disabled households needing accessibility
- -Plan and implement activities designed to increase knowledge of the home buying process, home maintenance, budget, credit and debt management, so renters can become home owners.
- -Rehabilitate units as they become vacant therefore providing units for those on the waiting list in need of an affordable rental unit and eliminating overcrowded housing by relocating families in a current rental in need of a larger unit.

(4) Geographic Distribution. (Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families. NAHASDA § 102(b)(2)(B)(i)):

The Indian Area (formula area) served by the Squaxin Island Tribe includes the Squaxin Island Reservation in Mason County, Washington and the balance of three counties. In Mason County, the Squaxin Island Tribe and the Skokomish Tribe provide housing services to low and moderate income Native American families. In Thurston County, the Squaxin Island Tribe and the Nisqually Tribe provide housing services to low and moderate income Native American families. In Grays Harbor County, the Squaxin Island Tribe, Quinault and Chehalis Confederated Tribe provides housing services to low and moderate income Native American families. Within three counties served by the Squaxin Island Tribe 8,775 Native Americans reside in 2,963 housesholds. (Of these 388 households are below poverty levels). The Tribe's 2010 labor force report identified an Indian Service population of 2,629 people living on or near the Squaxin Island Reservation. Squaxin Island Tribe total enrollment of 1085 members, with 666 living within the formula service area.

#### **SECTION 3: PROGRAM DESCRIPTIONS**

[102(b)(2)(A)], [233(a)], [235(c)], [404(b)], 24 CFR §1000.512(b)(2) and (3)

#### Planning and Reporting Program Year Activities

In this section, the recipient must provide a description of its planned eligible activities, and intended outcomes and outputs for the One-Year IHP. The recipient can select any combination of activities eligible under NAHASDA and intended outcomes and outputs that are based on local needs and priorities. There is no maximum or minimum number of eligible activities or intended outcomes and outputs. Rather, the One-Year IHP should include a sufficient number of eligible activities and intended outcomes to fully describe any tasks that the recipient intends to fund in whole or in part with IHBG resources during the coming program year.

Subtitle B of NAHASDA authorizes recipients to establish a program for self-determined housing activities involving construction, acquisition, rehabilitation, or infrastructure relating to housing activities or housing that will benefit the low-income households served by the Indian tribe. A recipient may use up to 20 percent of its annual allocation, but not more than \$2 Million, for this program. Section 233(a) of NAHASDA requires a recipient to include its planned self-determination program activities in the IHP, and Section 235(c) requires the recipient to report the expenditures, outputs, and outcomes for its self-determination program in the APR. For more information, see PIH Notice 2010-35 (Demonstration Program - Self-Determined Housing Activities for Tribal Governments) at <a href="http://portal.hud.gov/hudportal/documents/huddoc?id=DOC\_8814.pdf">http://portal.hud.gov/hudportal/documents/huddoc?id=DOC\_8814.pdf</a>

The One-Year IHP is not required to include eligible activities or intended outcomes and outputs that will not receive IHBG resources. For example, the recipient may be planning to apply for Low Income Housing Tax Credits (LIHTC) from its state. If those tax credit projects will not receive IHBG resources, they are not required to be described in the IHP. However, the recipient may wish to include non-IHBG activities in the IHP to provide tribal members with a more complete picture of housing activities.

If an activity will receive partial funding from an IHBG resource, it must be described in the IHP.

For example, if the recipient uses IHBG-funded staff persons to manage, inspect, or maintain an LIHTC-funded rental project, that project would be considered an IHBG-assisted project and the related activities must be described in the IHP.

Planning and Administrative expenses and loan repayments should not be identified as programs in the IHP. That is why there are dedicated rows in the Uses of Funding budget for these expenses. Instead, describe anticipated planning and administrative expenses in Section 6, Line 4 of the IHP, and describe actual planning and administration expenses in Section 6, Line 5 of the APR. Report the planned and actual amount of planning and administrative expenses in the dedicated row of the Uses of Funding budget (Section 5, Line 2). Please note that Reserve Accounts to support planning and administration is an eligible activity and should be identified as a program in the IHP, and any planned or actual expenditure from the Reserve Account would be reported by its program name in the Uses of Funding table.

With regard to loan repayments made with IHBG funds, describe planned loan repayments in Section 5, Line 4 of the IHP, and describe actual loan repayments in Section 5, Line 5 of the APR. Report the planned and actual amount of loan repayments in the dedicated row of the Uses of

Funding budget (Section 5, Line 2), except as noted in the following instructions for Column O in the Uses of Funding table. Column O should show the IHBG funds that were expended in the previous 12-month program year. If the recipient borrowed and repaid a loan or a portion of a loan in the same year using IHBG funds, show the repayment of the principal amount in the IHBG program line in the Uses of Funding table and report loan interest payments and loan expenses in the Loan Repayment line in the Uses of Funding table. The Administrative and Planning spending cap must be based on the actual expenditures incurred during the 12-month period, and not on the amount shown in the IHP. These expenditures should be reported on the Planning and Administration row. The total amount of IHBG funds expended cannot exceed the total amount in Column H, Row 1 of Line 1 (Sources of Funding table).

For the IHP, complete the <u>unshaded</u> sections to describe the planned activities, outcomes and outputs in the coming 12-month program year. The recipient must complete Lines 1.1 through 1.4, Lines 1.6 and 1.7, and Line 1.9 for each eligible activity or program planned for the One-Year IHP. For the APR, complete the shaded sections to describe actual accomplishments, outcomes, and outputs for the previous 12-month program year. In particular, complete Lines 1.5, 1.8, 1.9, and 1.10 for each program included in the IHP.

## IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

• One way to number your programs is chronologically. For example, you could number your programs 2011-1,

2011-2, 2011-3 etc.

- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3 etc.

#### APR: REPORTING ON PROGRAM YEAR PROGRESS (NAHASDA § 404(b))

Complete the <u>shaded</u> section of text below to describe your completed program tasks and actual results. <u>Only report on activities completed during the 12-month program year</u>. Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual audit. For unit accomplishments, only count units when the unit was completed and occupied during the year. For households, only count the household if it received the assistance during the previous 12-month program year.

#### **SECTION 16: IHP AMENDMENTS**

24 CFR §1000.512

#### Use this section for IHP amendments only.

This section is only filled out if the recipient is making an official amendment to an IHP that was previously determined to be in compliance by HUD, and the recipient is required to send the amended IHP to HUD for review. The recipient may amend its IHP at any time during the Program Year.

There are only two instances when an IHP amendment must be submitted to HUD for review and determination of compliance:

- (1) When the recipient is adding a new activity that was not described in the current One-Year Plan that was determined to be in compliance by HUD; or
- (2) When the recipient is reducing the amount of funds budgeted to protect and maintain the viability of housing assisted under the 1937 Act.

The recipient is not required to submit an amended IHP to HUD:

If the revision simply alters the IHBG budget, including moving funds among planned tasks, or If it deletes a planned activity, *unless* the re-programmed funds from the budget amendment or task deletion will be used for a new task not currently in an IHP determined by HUD to be in compliance, *or unless* the change is to reduce the budget supporting 1937 Act units.

#### NOTES:

If Line 2 in Section 8 (IHP Tribal Certification) is checked in the current IHP, a new certification must be signed and dated by the authorized tribal official and submitted with the IHP Amendment.

Section 1 (Cover Page) is recommended but not required with an IHP Amendment submission.
