Resolution of the
Squaxin Island Tribal Council

It is the understanding of the Squaxin Island Tribal Council that there is at least \$973.04 on deposit in the US Treasury to the credit of the Squaxin Island Tribe which is in Treasury account No. 14X7688 and is not drawing interest. Because tribal funds are so limited, the Council believes all available funds should be invested so they will earn interest.

Therefore, the Tribal Council has resolved to request that the current balance in account No. 14X7688 in the US Treasury be withdrawn and be forwarded to the Tribe to be placed in a savings account so the funds will earn interest for the Tribe;

And it has been further resolved that the Western Washington Agency be requested to prepare the necessary papers and forward them to the Portland Area Office together with this resolution asking the Portland Area Office to have the funds forwarded as soon as possible to Ethel Whitener, Treasurer, Squaxin Island Tribe Council.

CERTIFICATION

The above resolution was approved by the Squaxin Island Tribal Council at a meeting held March 21, 1972 at which a quorum was present, by a vote of 11 for and 0 against.
