1. Background and Scope of Work

See additional *Section 15. Scope of Work Pictures* at end of RFP

The Squaxin Island Tribe’s Little Creek Casino Resort (LCCR) is looking to contract services to develop an assessment, feasibility and project scope report. The report will look at the development of family entertainment on property, including but not limited to a waterpark, arcade space, bowling alley, go carts, and other amusement rides/attractions. A feasibility study was done in the past, but due to age, LCCR wishes to receive updated information to incorporate more recent market information in our strategic business planning.

Little Creek Casino Resort is seeking services from development consultants and advisory firms to help us develop some preliminary scope and adjacency planning for our strategic planning. This phase may include a waterpark, arcade space, bowling alley, go carts, and other amusement rides/attractions. We will require conceptual renderings or drawings, with elevations, incorporating preliminary theming and design concepts.

The Successful bidder is encouraged to participate in active discussion and input from all parties throughout this process.

2. Optional Pre-Bid Site Visit

A pre-bid site visit will be held on the date listed below (unless marked as N/A). Bidders who attend must sign in. Any updated/additional bid information will be distributed to those who express intent to participate.

A complete submittal should contain:

6. Review Process

The Respondent's proposal will be reviewed by the LCCR's RFP Committee with the following criteria in mind:

- A. The Respondent's qualifications, and those of its in-house personnel who will be directly responsible for managing the engagement, will be 40% of the evaluation. This includes the demonstrated capacity and capability of the Respondent to perform work of comparable scope and complexity. The qualification information requested is on the Contractor/Consultant Qualification form and must be fully completed.
- B. The project cost will be 40% of the evaluation. Although selecting the lowest bidder is not the goal, where equally qualified contractors/consultants are being considered, cost will be the determining factor. This amount will be listed on the Bid Form and signed by the Respondent.
- C. Review of the Respondent's proposed schedule will be 20% of the evaluation. The expectation is that this project follow the proposed schedule and that long lead items are taken into consideration.

11. Native American Preference Policy

Applicants may assert a claim for tribal preference on the *Contractor/Consultant Qualifications Form* and provide supporting documentation.

Indian preference may be used in the purchase of goods or services. Indian preference is preferential treatment in securing goods and services from Alaska Natives and Indians, or Indian Owned Enterprises, as provided in Public Law 93-638, Section 7(b) Indian Self Determination and Education Assistance Act, January 1975.

All awarding contracts or subcontracts for supplies, services, labor, or materials in the amount of \$35,000 or more, where the majority of the work on the contract or subcontract will occur on lands subject to the jurisdiction of the Squaxin Island Tribe, shall give preference to Indian Owned Enterprises in the award of such contracts or subcontracts.

Unless federal law or the source of funds requires a different consideration, an Indian Owned Enterprise shall be considered among all preference applicants.

Preference will apply to bids that are within the percentages below of the lowest bid submitted by a qualified bidder not claiming preference, provided that the successful Indian Owned Enterprise agrees to perform the work at the cost of the lowest bid submitted by a qualified bidder not claiming preference.

Bid Preference Table:

Where the lowest responsive bid is:	Bid preference amount:
Less than \$100,000	10%
At least \$100,000 but less than \$500,000	5%
At least \$500,000 but less than \$1,000,000	3%
\$1,000,000 or more	1%

In circumstances where issues in addition to cost form a part of the decision-making, for example, design, experience, and/or timeliness, preference will be considered in the cost element only. In such circumstances, the bid document will identify the relevant elements and the scoring methodology to be used.

12. Tribal Sovereignty
